

REMARKS

Amendment to the Specification

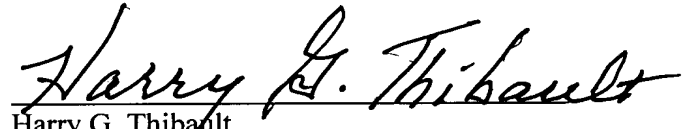

Today (February 15, 2006) Applicant and Examiner were able to discuss the amendment filed on February 14, 2006. As a result of that discussion, the parenthetical phrase "schematically shown in FIG. 1D" was added to Paragraph [0051] of the Specification. No further amendments were made to the application as a result of that discussion.

Conclusion

Upon entry of the amendment of February 14, 2006 and this supplemental amendment, the application should be in condition for allowance, and a prompt indication to that effect would be appreciated. If the Examiner has any questions concerning this communication, he is welcome to contact Michael Beck at (650) 485-3864.

Respectfully submitted,
